Winooski NRC D Offering Trees, Shrubs, Perennials and Trout to the Public

The Winooski Natural Resources Conservation District is offering a wide selection of beautiful native, ornamental and fruit trees and shrubs to the public during our Fundraiser and educational event. All orders must be received by March 31st. All proceeds from this fundraiser are used to develop and implement on-the-ground projects that protect our natural resources, including; riparian and shoreline buffers, stormwater mitigation projects, fish habitat restoration, culvert replacements, and so much more.

Visit the District's website for an order form and detailed information on the available selection at: www.winooskinrcd.org. In addition to a great selection of native plants, fruit trees, and berries, this year we will offer Brook Trout and Rainbow Trout to stock your private pond. On order pick-up day (April 21) we are holding an educational event. For more information, please visit: <http://winooskinrcd.org/trees-and-trout-sale/> Interested in setting up a display or selling perennials, email: info@winooskinrcd.org

The Winooski Natural Resources Conservation District is one of 14 conservation districts throughout Vermont. It encompasses all of Chittenden and Washington County as well as parts of Orange County (Orange, Williamstown and Washington). The district relies on grants and individual donations to complete its conservation work. The WNRCD focuses its resources on completing conservation projects based in solid science to provide solutions within the areas of agricultural assistance, forestland enhancement, urban conservation and watershed stewardship.
