Winooski Natural Resources Conservation District Fall Trout Sale

The Winooski Natural Resources Conservation District is pleased to announce our Fall 2016 Trout Sale. We are excited to provide this opportunity to District property owners to purchase Brook Trout and Rainbow Trout to stock their bodies of water. Anyone interested in purchasing can print the required order form at: www.winooskinrcd.org Proceeds from the sale will benefit conservation projects within the District.

This fall we are offering both Brook Trout and Rainbow Trout in the following sizes: 3-5" and 8-10". Orders of fingerlings (3-5") must be picked up on October 20, 2016. Orders of 8-10" trout will be delivered by the trout farm to your location any time on October 20, 2016. Order deadline is October 3, 2016.

Stocking trout into local ponds is a great way to utilize natural resources. Individuals are able to supplement food sources by providing healthy, contaminant free food. Many District residents utilize their land to grow produce, or raise sources of meat. Raising fish is another sustainable practice. By stocking trout, property owners are able to utilize their water resource and provide a low-fat, low cholesterol, high protein, heart-healthy fish product. Not to mention the enjoyment of fishing in your private pond.

For more information on the WNRCD Fall 2016 Trout Sale, please visit our website at: www.winooskinrcd.org or email: info@winooskinrcd.org for an order packet.

The Winooski Natural Resources Conservation District is one of 14 conservation districts throughout Vermont. It encompasses all of Chittenden and Washington County as well as parts of Orange County (Orange, Williamstown and Washington). The district relies on grants and individual donations to complete its conservation work. The WNRCD focuses its resources on completing conservation projects within the areas of agricultural assistance, forestland enhancement, urban conservation and watershed stewardship.
