

Vermont Invasive Plant Control Contractors – January 14, 2015

Landowner’s Note: This list indicates contractors that are certified or have been certified in the past 5 years to apply herbicides to control invasive plants on forest land and idle lands. They have also shown an interest in being listed for the purposes of assisting landowners through NRCS Farm Bill programs. Before selecting a contractor, check with Linda Boccuzzo (802-828-6417, Linda.Boccuzzo@state.vt.us) of the Vermont Agency of Agriculture to be sure that the specific contractor you are considering has a current commercial license and the appropriate Categories for the job. In general, Category 2, Forest Pests, is required. This will insure that herbicides are legally applied on your land. For any and all herbicide or pesticide questions contact the Vermont Agency of Agriculture.

Listed order of contractor is not preferential and is only in order as added to the list.

Polatin Ecological Services, LLC

Chris Polatin
PO Box 511
Turner Falls, MA 01376 (Mailing)
334 Mountain Road
Gill, MA 01354 (headquarters)
